Failure to do so will result in the swimmer being barred from the next individual event in which he/she is entered on that day or the next day of the meet, whichever is first. Deck seeded events shall be closed for seeding as listed on the order of events.

### Scratching from Finals-

Any swimmer who competes in a preliminary heat and qualifies as one of the original sixteen (16) or twenty four (24) finalists must swim in that event's championship final or consolation final; or must notify the clerk of course that he/she intends to scratch from that final's event within thirty (30) minutes of the announcement of the qualifiers.

Swimmers may reverse their intention to scratch and choose to be seeded for finals if they do so within thirty (30) minutes of the conclusion of the preliminary session for that day.

Any swimmer in a championship or consolation final who fails to swim that event will be barred from their next individual event, excluding finals and relays, in which he/she is entered unless excused by the meet referee due to one of the exceptions below.

A swimmer not originally qualified for the championship final or consolation final that is seeded into a final due to the scratch of another swimmer will not be penalized for failing to swim in the final.

### Exceptions for Failure to Compete-

No penalty shall apply for failure to withdraw or compete in an individual event if:

- The Referee is notified in the event of illness or injury and accepts the proof thereof.
- It is determined by the Referee that failure to compete is caused by circumstances beyond the control of the swimmer.

Declared False Starts:

Declared false starts and/or a deliberate delay of meet will be treated the same as "failure to swim".

NOTE 1: Alternates wishing to swim in an open lane in Championship Finals must be standing at the starter's stand, ready to step on the blocks for his/her swim, when the swimmers are called to the blocks. Only the starter will call for the alternate, not the announcer.

NOTE 2: Finals scratches must be done individually; 'team' scratches will not be accepted.

NOTE 3: In addition to the swimmers being required to scratch if they are not going to swim in finals, all swimmers seeded 17 – 26 who do not wish to swim in finals are strongly urged to scratch.

INDIVIDUAL OME ENTRIES: Use a time in the national database for entry that is faster than qualifying time. Fastest times need not be used. Swimmers may enter using an "Override Time" for times that are not in the national database. Override times must include the meet name, date and event number. Override times that cannot be proven by the Entry Coordinator during the entry process will be seeded in the meet, however, will not be allowed to compete unless time is proven with the Meet Referee at least 1 hour prior to that event's session beginning. Times that are missing from the National Database should be requested through the host LSC National Times Coordinator of the meet at which the time was achieved.

RELAY OME ENTRIES: "RELAY ONLY" ATHLETES ARE INCLUDED IN THE TEAM ENTRY ROSTER. Relay teams may be entered at any seed time.

TEAMS WITH UNATTACHED ATHLETES: Teams may enter athletes with an Unattached status. When building the roster in OME, select the "Add Unattached Swimmer" link

INDIVIDUAL UNATTACHED ATHLETES: Unattached athletes who are not awaiting attachment to any team must enter individually. Access the OME system at the address: <http://www.usaswimming.org/ome> - log in and select "Enter Individual."

OME ENTRY FEES: OME is set up with zero entry fee charges to allow all teams to pay by check. After entries close, an entry fee schedule will be posted and sent to all teams. The entry fee schedule will detail entry fees owed by all teams. As soon as entry fees are posted, a check for all entry fees, made payable to 'YCF', can be mailed to the facility address above or you may bring a check to the meet.

## USA SWIMMING – ON-LINE MEET ENTRY HIGHLIGHTS

Ensure that swimmers times are loaded into the USA Swimming SWIMS database – Particular attention should be given to times achieved at observed and approved meets. Do not wait until immediately before the entry deadline to discover the time has not been loaded. Coaches and swimmers can verify that times are in the database by using the times look up at [www.usaswimming.org/times](http://www.usaswimming.org/times). Contact the host LSC National Times Coordinator of the meet at which the times were achieved to have the missing times loaded.

Only one account per team (Head Coach) can be used for team entries. The USAS ID number of the head coach will be required to begin the entry process.

Read the tutorial comments on each page during the entry process. Most questions will be answered if the instructions are read.

When advancing through the entry process, each time the "NEXT" link is pressed, the information on that page is saved. This allows the entry to be processed during multiple sessions. Coaches can start an entry, save it as-you-go, and sign out without sending their payment to the host team, until done with their entry – in other words coaches don't have to pay every time an addition is made and OME will retain the progress that has been made on the entry.

Use the links on the left side of the entry page to jump forward or backwards to specific sections of the entry process (i.e. Relay, checkout, etc.). Using these links also saves the information on the previous page.

Teams do not have to wait until the entire entry is complete to send payment for events. Teams can enter some athletes, send payment for those entries, then return at a later date and add more events, relays, or athletes and send payment events.

An athlete is not entered in the meet until payment for events entered are received by the host team.

When entering "Override Times" (times not currently showing up in the SWIMS database), in the meet name field, give meet name and brief details on where the time was achieved – i.e.: FGJO13-14-400FRelay Lead – There is room for 25 characters of data. Also enter the date of the meet in the date field. The National Times Coordinator will pre-clear as many (\*) times as possible.

Relays- When entering more than one relay per event (A and B), OME selects the fastest time in the database for the A relay and the fastest remaining time in the database for the B relay. If one of the athletes on the B relay (that OME selected) was also an athlete on the A relay, OME will signify that time with a (\*\*). That time is not eligible for entry for the "B" relay. Select another listed time for the "B" relay or enter an aggregate time. In order to customize relay swimmers and/or times, select Team or Aggregate times instead of the default best relay team.

Hy-Tek Team Manager can be used as a tool to assist in the OME process.

1. First load the "Meet Events File".
2. In the Meet Maintenance panel, set the minimum age for open events as desired.
3. Click on the "Enforce Qualifying Times".
4. Set the "Use Times Since" date to the beginning of the qualifying period for the meet.
5. Create a "Meet Eligibility" report. REPORTS/PERFORMANCE/MEET ELIGIBILITY. Select "Only Eligible Swimmers". This report shows all eligible swimmers for the meet.
6. Highlight events to be entered for each swimmer.
7. Look up and record bonus event entry times for swimmers eligible for bonus events.
8. Proceed with On-Line Meet Entry.
